Think Before You Share: Pause and consider the potential consequences before sharing personal information or intimate content online. Once something is out there, it's challenging to control its distribution.

Trust Your Instincts: If someone online makes you feel uncomfortable or pressures you to engage in inappropriate behavior, trust your gut and end the conversation. Your safety is very important.

Seek Support: Don't hesitate to reach out for help if you encounter a threatening situation online. Talk to a trusted adult for assistance and support.

Stay informed, stay empowered, and stay safe online!

If you or someone you know has been a victim of extortion, don't hesitate to reach out. Our team is here to provide confidential assistance and support.
